

Our aim by the end of Y6 is that children can/are:

-  read easily, fluently and with good understanding
-  develop the habit of reading widely and often, for both pleasure and information
-  acquire a wide vocabulary, an understanding of grammar and knowledge of linguistic conventions for reading, writing and spoken language
-  appreciate our rich and varied literary heritage
-  write clearly, accurately and coherently, adapting their language and style in and for a range of contexts, purposes and audiences
-  use discussion in order to learn; they should be able to elaborate and explain clearly their understanding and ideas
-  competent in the arts of speaking and listening, making formal presentations, demonstrating to others and participating in debate.

Throughout the school, spelling is taught through Jolly Phonics, Letters & Sounds, spelling strategies and then rules for spelling. Children work progressively through these stages building on prior experience. They have spellings every week to learn which are often related to their topic.

Reading is taught through Letters and Sounds and supported through hearing individual readers, guided reading groups as well as reading in class throughout a range of subjects. Children are given books that are appropriate to their age and reading ability to take home to share and through the reading passport a dialogue between home and school is created. We have adopted the Accelerated Reader programme to help support the children with their comprehension. Books are chosen according to their zpd range and then the children do a quiz online after they've read the book to check their understanding. The school promotes the reading challenges that the local library holds during the holidays and we often have stories as part of our owl group curriculum.

Writing is taught through a method called Talk for Writing. This involves the class immersing themselves in a text, imitating parts of it and exploring ideas and different forms of writing and then having a go at writing their own version (innovation). The children cover a wide range of genres of writing every year with writing for a purpose and audience being key in their motivation.

We have visiting authors, take part in writing competitions, reading challenges, and visit the Literature festival amongst other things whenever we have the opportunity!
