Y1's topic for the Spring Term is.....

On the move!

We have lots of exciting activities planned for the spring term, hopefully including a trip to the

ss Great Britain in Bristol, where we will learn about Brunel and his work. (More details to follow.)

In English we will be writing recounts and in Talk for Writing we will be looking at a biography based on Brunel. We will then be doing an author study on Julia Donaldson, looking at lots of her books. The children will continue to bring home words for them to learn to read and many will begin to have spelling lists which they should practise at home.

In Maths we will be learning to tell the time, measure lengths and heights, plus further develop our addition and subtraction understanding. We will continue to share our learning and add homework challenges via the Tapestry app, so please have a look and encourage your child to talk about what they have been doing in class.

In Science we will be learning about seasonal changes and how plants grow.

In Art we will be printing and mark making, linked to our transport theme.

In Computing we will be learning about emails and how we use these to communicate. (If you have any family members who would like to exchange emails with us, please let us know these email addresses via Tapestry.)

We have set up a new Padlet wall for the children to contribute to. This will be a celebration of picture books and we hope it will become a wonderful reference tool for you to use at home when choosing stories to share. The aim is for each child to share at least one picture book they have enjoyed, giving a brief explanation.
